## Participate in #CTDrinksOnUs!

The Connecticut Restaurant Association, in partnership with Governor Lamont and the State of Connecticut, has launched the **#CTDrinksOnUs** campaign—where participating state restaurants will offer complimentary drinks to patrons beginning May 19, 2021.

To take part in the promotion, which will run through the end of May, customers simply need to show that they have received either one or both doses of the COVID vaccine, at which point they can select from a list of preset drinks (alcoholic or non-alcoholic) established by each participating restaurant. The promotion limits one drink per person and the purchase of food is required.
